

“It’s Only a Virus” Quiz:

B & B U3A .

The answers to the questions/clues below all contain either the letters **VI** or **RUS** in them, in this order. See how many you can identify. They won’t always be at the start of the answer e.g **F**rustrated or Re**v**ile. There is also a (hopefully) very obvious order to the answers which I am sure you will all have spotted by Answers 5 or 6 and which will help you getting the correct answers to Questions 32 and 39.

I will send the answers out on Wednesday: have fun!
