

Dear all,

I hope you all enjoyed Monday's word Quiz and that the extra day helped.

Please find attached the answers with just a few comments from me below:

The first question that may have caused consternation (says he hopefully) was Question 11 *Phyllis Nan "Primrose" Pechey* which is the real name of **Fanny Craddock** which some-one may have known but which was new to me.

Similarly Question 17 Robert Harper is better known as Bobby Ball and therefore we were looking for his Comedy partner which is **Tommy Cannon**.

Question 33 was probably easily solved by those of a literary bent as they are all in "*Pride and Prejudice*" and are the Bennet sisters and we were looking for **Elizabeth Bennet** as the answer.

Question 35 - Lasse Viren was one of a number of sports people from Finland whom the media love calling the "**Flying Finn**" but being from mainly the 1970's was from an age I hoped some of you would remember.

Hopefully everything else is self-explanatory.

I have also attached this week's General Knowledge Quiz: I'll be back with the answers tomorrow as well as the next "themed " one.

Have fun, stay safe, healthy, and sane!

Peter.
