

Message from Peter Cubley (who sets these quiz questions)

Dear all,

Firstly I have been asked by a couple of people how long the Quiz Group will be running for? To be honest that's like the proverbial "how long is a piece of string" question as when I started back in March all the indications were the crisis would be over in a few weeks/months yet here we are twenty weeks later.....Last month when I went to two Quizzes a week with the ease in various activities I was expecting to reduce even more to one Quiz per week at the start of August when those people who were self-isolating were supposed to be safe and sound, but with the talk of potential second waves and spikes etc I will carry on doing two Quizzes a week at least for the rest of August and then review again.

Those of you who are U3A members will know that although some groups are managing to meet it isn't practical for many as is the case with Monthly Meetings etc and as Sue and I have now had every single holiday/trip out/ excursion etc cancelled for the rest of the year I seem to have even more spare time on my hands!

Secondly, returning to the Quizzes themselves, well hopefully you all learnt something about the place where we live over the weekend, as well as being able to answer a lot of the questions. The answers are attached together with this week's General Knowledge Quiz.

I'll send out the Answers to the latter with Thursday's Themed Quiz which again will be a mixture of questions and pictures although you'll have to wait to find out the topic.

In the meantime enjoy the decent weather that is forecast and - as ever - Keep safe and keep sane!

Peter.
